

# COMPANY PROFILE

RC: 683714

# WHO WE ARE

TMCH Group Limited (TMCH) is 100% Nigerian oil & Gas Company with specialty in Vessel Tank cleaning, waste Management, Supply of steel wire ropes, Sling fabrications, supply of mooring ropes, Procurement and Logistic support Services.

The Group Operates with Highly Qualified Personnel and have the Competency and resources to provide the Oil & Gas and Engineering Industries with a Wide range of Quality Services.

We offer services on Land, Swamp and Offshore Terrains and has the capability to clean vessel/storage tanks of various sizes.

At TMCH we identify the optimum overall outcome that will:

- ✓ Provide a robust and environmentally acceptable technical solution;
- ✓ Deliver the most cost effective solution over the life of the asset;
- ✓ Enhance productivity;
- ✓ Improve availability

It is the policy of TMCH GROUP to operate as a reliable and client oriented Contractor to deliver services in accordance with the Contract and in compliance with the applicable statutory requirements

## OUR VISION

*To Be An Indigenous Company Most Admired For Her Quality of Service.*

## OUR MISSION

*Committed To Becoming Solution-Provider Of Choice In Our Range Of Services*

TMCH Group Limited Waste Disposal Services provides a wide range of treatment and disposal options for all your waste streams. From hazardous and non-hazardous wet bulk and dry bulk waste in liquid, solid, semi-solid, sludge and gas forms. All of our disposal facilities, uphold rigorous quality assurance programs to meet the highest standards of both internal and external audits.

We offer a range of transportation methods to move your waste to one of TMCH Group Limited waste disposal facilities by Vacuum truck or skips. Our extensive logistics, and waste management capabilities ensure efficient and cost effective disposal of all types of waste. Depending on the nature of waste, the following options can be applied; Incineration, TDU, waste water treatment, landfill. In summary, we offer services in the following areas:

- Vessel/Storage Tank Cleaning
- Laboratory Analysis/Reports
- Vacuum Transfer Services
- Waste Water Treatment
- Waste Treatment & Disposal Services
- Logistics Support Services.

## VESSEL/STORAGE TANK CLEANING SERVICES

In today's safety conscious work place, the preferred option is of no-man entry into a confined space; accordingly TMCH Group has work with range of technologies and methods using tank cleaning heads, vacuum transfer systems and other pumping solutions to clean tanks and vessels either remotely or with minimum man entry. Mostly, vessel tank cleaning in

## VACUUM TRANSFER SERVICES

For all confined space and tank and vessel cleaning the preferred solution would of course be one of no-man entry. For this purpose, our range of vacuum transfer systems and pumping solutions can be configured to meet the specific scope of work and specific gravity of material requiring removal thus ensuring optimum performance is achieved.

TMCH Group Limited specialized Vacuum transfer Services collect and transport wet bulk or dry bulk hazardous and non-hazardous materials from vessel or tank to grave. We use vacuum transfer services for pit cleanouts, sludge, liquids, vessel tank cleaning, tank cleaning, tank to truck and on-site transfer.

## WASTE WATER TREATMENT

TMCH Group Limited Wastewater Treatment Services provide a wide range of aqueous treatment technologies for liquid and semi-liquid hazardous and non-hazardous wastewater. Waste water treatment technologies includes but not limited to; Chemical oxidation and reduction, Acid/Base neutralization, Filtration, Carbon adsorption, Supercritical fluid extraction, Supercritical fluid extraction, Biological treatment, Oil/Water separation, Stabilization through encapsulation.

## WASTE DISPOSAL

TMCH Group Limited Waste Disposal Services provides a wide range of treatment and disposal options for all your waste streams. From hazardous and non-hazardous wet bulk and dry bulk waste in liquid, solid, semi-solid, sludge and gas forms. All of our disposal facilities uphold rigorous quality assurance programs to meet the highest standards of both internal and external audits.

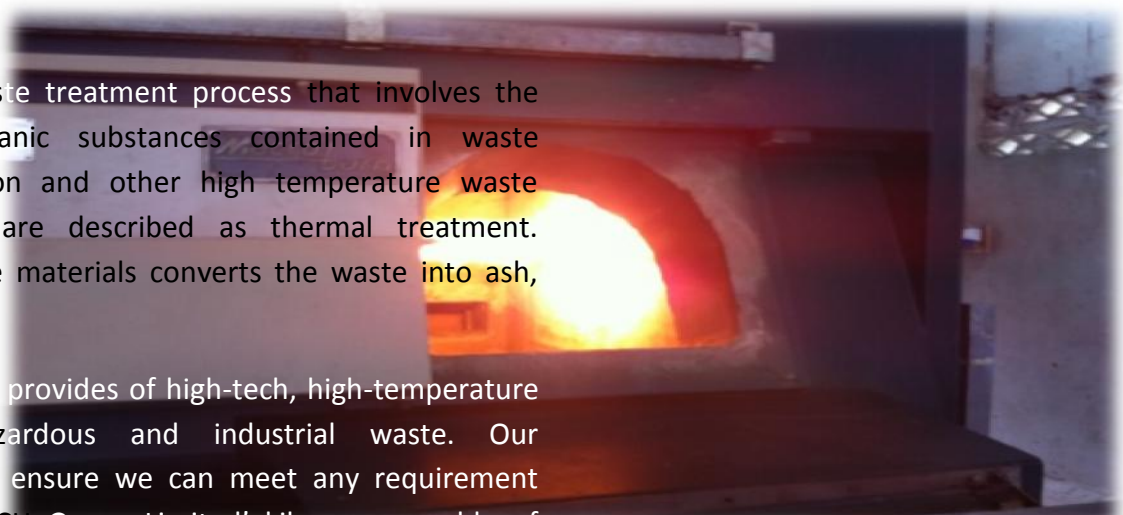

## INCINERATION

Incineration is a waste treatment process that involves the combustion of organic substances contained in waste materials. Incineration and other high temperature waste treatment systems are described as thermal treatment. Incineration of waste materials converts the waste into ash, flue gas.

TMCH Group Limited provides of high-tech, high-temperature destruction of hazardous and industrial waste. Our incineration facilities ensure we can meet any requirement from any client. TMCH Group Limited' kilns are capable of processing solids, liquids and sludge and our thermal treatment systems' advanced technology can destroy up to 99.9999 percent of all hazardous constituents.

## ROPE OPERATIONS

**TMCH Group Limited** is a local distributor of Samson Rope in US who are one of the best rope manufactures in the world through South West Ocean Services.

- Supply of steel wire ropes.
- Supply of Mooring rope.
- Fabrication of Lifting slings.
- Fabrication of Towing stretcher, cargo net, etc.
- Supply of lifting gears and accessories.

TYPICAL CROSS SECTIONS OF WIRE ROPE & STRAND

### STEEL WIRE ROPES

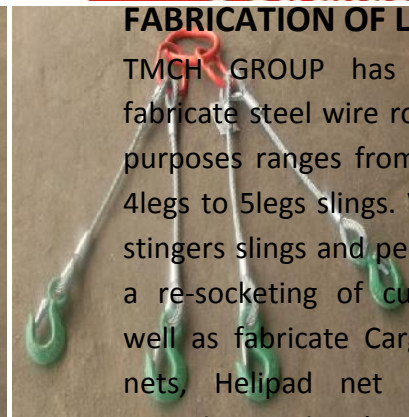

TMCH GROUP LIMITED is a major supplier of steel wire ropes of various sizes and constructions ranging from 3mm to 64mm ropes, 6x19, 6x25, 6x36, 6x41, 17x7, 18x7...etc, with high tensile strength (IPS,EIPS,EEIPS) either in galvanized or ungalvanized rope, our steel wire ropes are made into different specifications for applications like slings, anchoring, towing, pennant, cranes dredging and general engineering.

### MOORING ROPES

We specialize in supplies of Polypropylene, Nylon, Polymer and manila ropes of different sizes 3stands or 8 strands. We also fabricate mooring line stretcher for towing and anchoring.

8 Strands Ropes

### FABRICATION OF LIFTING SLING

TMCH GROUP has the capacity to fabricate steel wire rope sling for lifting purposes ranges from single leg, 2legs, 4legs to 5legs slings. We can also make stingers slings and pennant. We also do a re-socketing of customer's rope as well as fabricate Cargo nets, Gangway nets, Helipad net of different size according to client's specifications.

## LIFTING GEARS.

We also supplies lifting gears like Shackles, Hooks, Turnbuckles, Chain block, Chain blocks, Bulldog grips and Sockets, Tirsors and lifting clamps.

## THE GROUP PROCUREMENT SERVICES

TMCH Group Limited offers foreign procurement through our office in Houston Texas, we provide high standard Personal Protective Equipment (PPEs) such as eye protection, boiler suits, safety boots, safety gloves, various types of head protection, fall arrestor/ restraint components, safety vest, drug test kit etc.

- Safety Equipments
- Gas Monitors
- SCBAs
- Weighing Scales
- Compressors, Wilden Pumps, Hoses

## THE GROUP LOGISTICS SUPPORT SERVICES

TMCH Group Limited offers a wide range of logistic support services includes but not limited to:

- Haulage
- Trucks
- Vacuum Trucks
- Excavator
- Vessel
- Etc.

## OUR CLIENTELE

Year after year our clientele has continued to grow. This is due to our eagerness and desire to satisfy our clients by having the best people and processes in place to consistently deliver services and solutions on time and within budget. Our commitment to service is our promise to exceed expectations on every deal. Some of our clientele are:

- + Addax Petroleum Nig Limited
- + Shell Petroleum Development Company
- + Hamilton Technologies Ltd.
- + Agip Oil Company
- + West African Machinery & Services Ltd
- + Seawolf Oil field services
- + Dredging International
- + Tombim Services
- + Tecon Oil Services
- + Coastland Energy Services
- + Nigerian Communication Commission
- + Nigerian Navy Service
- + Cross river basin Development Authority
- + Ecological Fund Office
